

- As a Company, we have earned a reputation of a world leader in the production of infrared detectors. We have our proprietary technology as well as the facilities necessary to implement new solutions.
- As a Team, we combine passion for scientific achievements with the pursuit for their business applications.
- As Employees, we foster a friendly atmosphere and open communication, which help us respond to the needs of even the most demanding Customers.
- If you would like to join us, we are currently looking for a person for the position of:

CATEGORY MANAGER

What tasks will we entrust you with?

- Developing marketing strategies for VIGO products
- Creating technical content for product promotion (technical articles, application notes, website)
- Creating product and technology presentations for customers
- Analysing products for specific applications
- Gathering information on the competitors' products
- Creating product benchmarks
- Cooperating with the Sales and Technical Support Department

What qualifications do we require?

- Minimum 3 years of experience in a position related to product category/segment marketing
- Knowledge of photonics, semiconductor and/or optoelectronics markets
- Ability to assimilate technical innovations
- Understanding of business processes (strategic and operational)
- Master's degree in technical studies, photonics specialization is a plus
- English at C1 level
- Good competency in MS Office
- Ability to analyse data and present results clearly

• Why apply to VIGO?

- We treat each and every application as an expression of the highest trust and give it the attention it deserves. We provide ALL applicants with an update on the application procedure as soon as possible.
- The selected person will be offered stable employment, an extensive employee benefits package and opportunities for professional training and development.
- We provide an elaborate induction process and make sure that every new VIGO Employee feels a part of our Team from the very first day.
